THINK WOMAN WAS KILLED BY HER HUSBAND

HAS NOT BEEN IDENTIFIED YET
—IS SAME WOMAN WHO ESCAPED FROM ENRAGED
HUSBAND

(By United Press)

Minneapolis, May 29—Police today were convinced the woman who was found brutally murdered Wednesday in an unoccupied house on Bryant avenue, was killed by her husband. As yet they have been unable to identify her body.

C. P. Lindgren and John Lekas, who helped a woman with a small child escape from her enraged husband at Eleventh avenue and Seventh street south Tuesday night, positively identified the body as that of the woman. Police are certain the man overtook the woman, who had boarded a street car, and killed her at the Bryant avenue house.

May be Port Arthur Woman

Rochester, Minn., May 29—Police here today believe the mysterious woman murdered in Minneapolis may have been Mrs. J. J. Law, of Port Arthur, Ontario.

Mrs. Law came here two weeks ago for treatment. She disappeared immediately after her examination. On Wednesday her husband, a Canadian Pacific engineer, arrived seeking his wife. He said he had only had one postcard from her since she left home. He said she had \$600 with her when she left. Law left for Port Arthur Wednesday night after giving only a meagre description of the woman. He said he could not stay longer on account of his work. Officials today wired and suggested he go to Minneapolis and view the body of the woman who was found late Wednesday in a vacant house on Bryant avenue. They believe the woman may have met an old friend who urged her to go to Minneapolis. She may have been murdered and robbed, police believe.

Garis, assistant adjutant general, returning from Bemidji today, where he had been sent by Governor Burnquist to investigate reports that I. W. W. were causing trouble. There are a few I. W. W. members in Bemidji, but there is no trouble, according to Garis. A strike has been in progress for several weeks.

WOMEN PROVE EXPERTS AT POLITICAL MANIPULATION

WIN ADMIRATION OF OLD POLITICAL
WAR HORSES THAT
FOUGHT THEM TO LAST

By HAROLD JACOBS

(United Press Staff Correspondent.)

Chicago, May 29—Women political workers will introduce a new technique in national campaign affairs by canvassing delegates to the republican convention through their wives by revamping the old adage that "the way to a man's heart is through his stomach." They have made it read, "The way to a man's brain is through his heart," and are acting accordingly.

The work of canvassing women delegates has been practically turned over to women organizations by the national managers of candidates.

Veteran politicians who fought woman suffrage to the last gasp, and who came to Chicago prepared to have a big laugh about pink tea politics they expected to discover, were forced into reluctant admiration.

"You have got to hand it to them," they said.

"They have learned in a few months what it takes an average man many years to learn."

MRS. O'HARE RELEASED FROM PRISON BY PRESIDENT WILSON

(By United Press)

Washington, May 29—President Wilson today ordered the immediate release from prison of Mrs. Kate Richards O'Hare, one of the so-called "political prisoners."

The release of Mrs. O'Hare, Eugene V. Debs, Rose Pastor Stokes and others had been demanded by the socialist party convention and citizen committees in petitions to the White House. The petitions were given Secretary Tumulty two weeks ago.

Mrs. O'Hare was convicted on the charge of violating the espionage act, as was Debs and the others.

Washington, May 29—White House officials said that release of Mrs. O'Hare was on recommendation by the department of justice and that it was not to be taken as a forerunner of general amnesty to political prisoners, each case, of which there are about two hundred, will be considered on its merits, they said.

HEARING OF NASH CHARGES RESUMED

(By United Press)

St. Paul, May 29—Governor Burnquist today resumed hearing of ouster charges against Wm. Nash, Hennepin county attorney, implicated in the million dollar Winnipeg-Minneapolis whiskey smuggling plot.

Sheriff Oscar Martinson, who was found guilty of conspiracy charges, collapsed late Friday afternoon as he was leaving the witness stand after a long afternoon of testimony. He was unconscious for nearly fifteen minutes.

Frank Weisman completed his testimony. He asserted that Nash had given him large sums of money on various occasions.

JOHNSON SPENT \$125,000 ON CALIFORNIA CAMPAIGN

SO TESTIFIES HIS CALIFORNIA
MANAGER—\$25,000 MORE RAISED
AFTER THE PRIMARIES

(By United Press)

Washington, May 28—Between \$100,000 and \$125,000 was raised for Senator Johnson's primary campaign in California. Alexander McCabe of San Francisco, one of Johnson's managers, told the senate campaign expenditure investigating committee today.

The contributions totalled this amount two days before the close of the campaign, McCabe said.

The largest individual contribution was \$5,000 by Henry Fleishack, McCabe said.

"Probably \$25,000," he said, "had been collected since the primaries." He said J. H. Rossetter, shipping man, gave \$2,500. McCabe denied rumors that Vice President Hiram of the Southern Pacific, had contributed to the Johnson campaign. He said he could not discover the "nine millionaires" which Hoover men said were on the Johnson primary delegation. He named five as the only millionaires among the twenty-six delegates.

"Were there any millionaires on the Hoover delegation?" he was asked. "Offhand I never counted them, but there were a considerable number," McCabe said.

Hiram Johnson's Campaign

L. C. MARTIN.

(Written for the United Press)

Washington, May 29—Senator Johnson had a campaign fund of about \$200,000 the campaign fund investigating committee learned today. Alexander McCabe, Johnson's California manager, testified that about \$125,000 was raised in California, while \$12,000 has already been accounted for by Angus McSweeney, Johnson's eastern manager.

McCabe declared that not more than \$50,000 was spent for Johnson in California, where, according to reports reaching the committee, a "dollar or less" was indulged in by workers for Johnson and Hoover.

McCabe declared that Herbert Hoover had "the most extensively advertised campaign ever seen in California." There was a minimum of \$300,000 and probably later raised to \$400,000 or \$500,000.

Senator Edge of New Jersey, laid great stress on McCabe's testimony that Crocker and several other California millionaires contributed to Johnson's fund as well as a statement that many contributions came from members of the present administration, former appointees of Senator Johnson when he was governor.

RAISE LOAN OF \$5,000,000 FOR ARMENIA PROPOSED IN SENATE

Washington, May 29—Creation of a joint commission to raise a loan of \$5,000,000 for Armenia and to assist in restoring her economic stability, was proposed in the senate today by Senator Hitchcock, of Nebraska, as a substitute for the Lodge resolution flatly rejecting the president's request for a mandate over Armenia.

Hitchcock opposed the mandate, but favors assistance to Armenia people.

PRESIDENT FAVORS VIRGINIA DEMOCRATIC PLATFORM

DRAWN BY SENATOR GLASS—EX-
BORNES TREATY WITHOUT
RESERVATIONS

(By United Press)

Washington, May 29—Senator Carter Glass, of Virginia, today was looked upon as the man who will be the administration's main spokesman at the democratic convention in San Francisco.

This was because of President Wilson's endorsement of the Virginia democratic platform in a letter to Senator Glass yesterday. Wilson declared he was in full accord with the views expressed in the platform which was largely Glass' work. It was written after Glass had obtained the president's view on all important issues.

In general the Virginia platform meets with approval among democrats of the house.

The president's administration, supporters contend, has made clear the position of the democrats on the league of nations, that the treaty must be adopted without reservations "which would impair its essential integrity."

NASH TRIED TO IN- DUCE U. S. OFFICERS QUIT PROSECUTION

OF SHERIFF MARTINSON, ASSISTANT U. S. DISTRICT ATTORNEY
NEW ANDERSON TESTIFIED

SHERIFF ON STAND COLLAPSES
YESTERDAY AFTERNOON—
HEARING ADJOURNED

(United Press)

St. Paul, May 29—County Attorney Nash of Minneapolis, tried to get federal officials to abandon prosecution of Sheriff Oscar Martinson, of Hennepin county, on charges of conspiracy in the Winnipeg-Minneapolis whiskey smuggling plot, according to Wm. Anderson, assistant U. S. district attorney, who testified before Governor Burnquist today. The governor is probing the case to determine whether he should permanently remove Nash.

Attorneys for Nash entered continuous objections against Anderson's testimony, but Governor Burnquist overruled most of them, declaring he wanted to "get full facts of the case."

Anderson said he had a telephone call from Nash one night just a few days before Sheriff Martinson was arrested.

"This must be stopped," Nash said, according to Anderson.

Anderson advised Nash to bring Martinson to his office the next morning. But Nash took Martinson to Anderson's home that night to talk about the case.

Anderson said he got out of bed to talk to them. Anderson quoted Nash as saying that the prosecution of Martinson "must be headed off."

Anderson said he told the pair that the case was in the hands of U. S. District Attorney Alfred Jacques and that when Jacques made up his mind that he was right he would never back down.

A conference was arranged between Nash, Martinson, Jacques and T. E. Campbell, special agent of the department of justice, Anderson said. Nash and Martinson failed to show up for the appointment, Anderson said.

Sheriff Martinson, who collapsed after having testified before the governor late yesterday, attended the hearing today. He looked pale and weak and was not called upon again to testify.

Governor Burnquist kept the hearing in session until one o'clock when they adjourned until Tuesday.

THE SLAYER WHO IS AN
EX-SERVICE MAN

(By United Press)

The shooting followed an argument over the marking out of a field of corn. Mrs. Howard tried to keep her son from using his revolver and was shot down, police said. Her husband tried to escape, but was shot three times and then beaten on the head with the revolver.

S. would eventually ratify the treaty of Versailles and join the league of nations, was given renewed strength today as a result of the declaration of American Ambassador John Davis in a speech at Portsmouth, that dissatisfaction with the form of the league covenant in the U. Lynough was arraigned last night on charges of manslaughter, to which he pleaded not guilty. He is being held in the custody of Sheriff Krug, outside of the city limits.

BRITISH TAKING STEPS TO CRUSH IRISH DISORDER

BRITISH CABINET CONSIDERS SITUATION—MEN AND MATERIAL
BEING SENT TO IRISH
CITIES

(By United Press)

London, May 29—British military officials took steps to meet the critical situation in Ireland following an attack upon the soldier barracks at Killmallock, where two constables were burned to death. The barracks were set on fire by a band of one hundred men. Premier Lloyd George presided at a cabinet conference last night and it was understood drastic action to cope with Irish disorders was decided upon. Some cavalry men have been sent to Kiln. A motor-cycle corps has also been organized and was expected to proceed to that district immediately. Four eighteen pound guns and a quantity of rifle ammunition, hand grenades, petrol and barbed wire were landed at Kingstown last night, according to a dispatch received here. Army lorries also have been rushed to Dublin.

A storm of rifle fire was the first indication that they were being attacked. A bomb containing burning oil and paraffin were thrown upon the roof of the barracks setting fire to the wing in which the constables were endeavoring to fight off a mob that was trying to break through the door.

BONUS BILL FAILS TO GET TWO-THIRDS VOTE IN HOUSE

(By United Press)

Washington, May 29—Soldier bonus advocates in the house today failed on the first test vote to obtain the two-thirds majority necessary to pass the Fordney bill under the suspension of the rules.

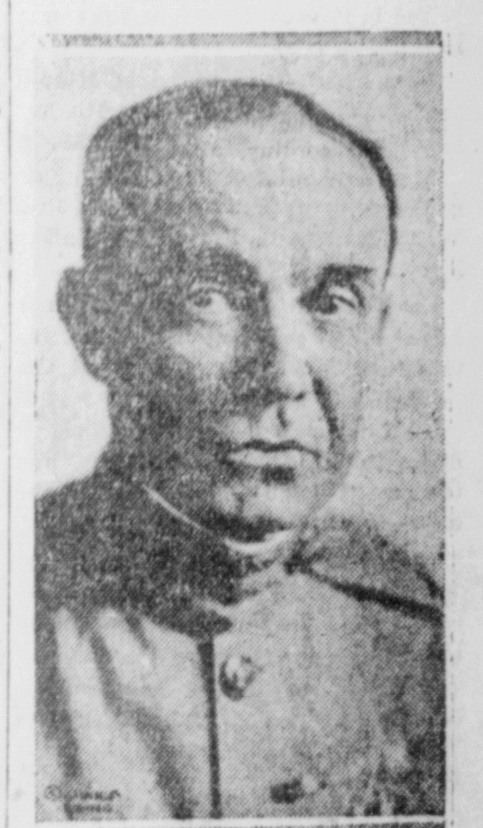

By a vote of 119 to 189, two voting present, the house sustained a decision of Speaker Gillett that suspension of the rules for six days in order to bring up the bonus bill was the order.

The speaker's decision was on a point of order made by Rep. Mann that the rules committee had exceeded its power in reporting a resolution of suspension of rules.

"TO THE BOYS IN BLUE AND KHAKI"

We gather today to honor anew
The ones who the sacrifice made;
To prove that our debt we do not forget
Nor think it can ever be paid.
The debt of a nation redeemed from shame,
When the shackles fell from the slave;
The debt to the boys who crossed the seas
Man's birthright of freedom to save.

To the loyal hearts that are with us yet,
To the "mustered out" and at rest,
We bring a nation's grateful love
From the land their deeds have blessed.
And the hearts that are bowed in grief today,
Shall know, in the coming years,
The joy that crowns love's sacrifice,
And leaves no room for tears.

These flowers in beauty and fragrance, speak
Of a love that can never die,
Of devotion that grows with a nation's growth
And strengthens as years go by.
And as long as blossoms make springtime sweet
So long shall our love endure,
So long shall we seek, as you have sought,
To keep the Old Flag pure.

FRISCO SHOWS IN BRAINERD SOON

To Open Week's Engagement, Street
Carnival, Under Auspices of
Park Board

FROM JUNE 14TH TO THE 19TH

Show Given Under Auspices Moila
Temple Shrine in St. Joseph,
Mo., and Highly Praise

The Frisco Exposition shows will
open an engagement of a week,
June 14 to 19, in Brainerd under
auspices of the local park board,
showing on West Front street.

The "Des Moines Sunday Capital"
of Des Moines, Iowa, pays a high
tribute to the show, as follows:

"One of the largest street carnivals
ever held in Des Moines was
staged for the week of the Fifth street
between Grand and Chestnut streets
under the auspices of the Moose
lodge."

"The Frisco Exposition shows, under
the management of Charles Martin,
staged the carnival for the local
Moose order. This show has just
completed a carnival for the Moila
shrine in St. Joseph, Mo. A telegram
from John C. Whitsett, potentate
of Moila Temple and past dictator
of the Moose lodge at St. Joseph,
says it's the 'biggest, cleanest and
best show' ever conducted at that
city."

"The show carries more than five
hundred people, sixty show wagons
and travels in thirty double-length
circus cars. The cars are painted
orange colored and has been named
the 'Sunkist Special.'"

The Attractions

The long list of attractions is
headed by Jack Burroughs, real wild
west; in the arena are presented
feats of roping, fancy and trip riding,
rope spinning, fancy rifle shooting.
There are twenty long-horned
Texas steers and as many wild
and woolly brones. The star of the brones
is Theda Bara, who has disqualified
more contestants at the big round-ups
than any other horse.

Irene Lackman, America's foremost
horsemanship, presents a society
circus, with trained dogs, monkeys,
pretty ponies. The feature attraction
of the society circus is "Teddy,"
the wonder horse, with a college education.

Jackson's Jazz Jubilee, the genuine
southern darkies, will sing
those old plantation melodies. Buck
and wing dancers and the original
dark-town jubilee band and orchestra.
Barry Gilman brings his famous
Coney Island show which is a collection
of master illusions such as were
formerly presented by Houdini
and Herman, the great, in theaters
and opera houses. Over the waves
is a mechanical fun maker and has
a close rival in the barrel of fun.

Frisco's underworld is a reproduction
of scenes on the Barbary coast
at San Francisco before the earthquake
and fire. Not a moving picture
but a presentation that is startling
in its realism. There is a marvellous

Lilliputian village that will appeal to
lovers of mechanics of all ages.

A Regular Roundup

Demon riders will tempt fate in
the whirl at death. The athletic
arena has a string of champion
wrestlers. In wonderful the fattest
and skinniest girl in the world gaze
wistfully across the aisle at one another
and wish that "she was me."

Many other attractions will be on the
midway bordering the court where
the four riding devices, the whip,
the giant Ferris wheel, the carry-all
and the new sensational ride, the
aeroplane swing.

It requires 10,000 electric lights
to light Moose Way and when the
three bands are blaring, the two
military organs grinding out popular
selections and the talkers on the
bally hoop spinning, one can easily
imagine themselves on the board
walk at Atlantic City or on Surf Avenue
at Coney Island.

There is one point that Mr. Martin
particularly emphasizes and that is,
there are no immoral shows or
disgusting freaks in the Frisco
Exposition shows.

Young Couple Married

A wedding of much interest locally
occurred at Brainerd Tuesday afternoon,
May 25th when Miss Agnes
Pauline Anderson, daughter of Mr.
and Mrs. Louis Anderson of Pillager,
was united in marriage to Mr. Andrew
Swadberg, Jr., the ceremony being
performed by Rev. Eloff Carlson.
Following the ceremony they left on
a wedding trip of several days to
visit friends and relatives elsewhere
in the state.

The bride is well known locally,
living practically all her life with
her parents on their farm south of
Pillager until they moved into Pillager
a couple of years ago. The groom
is one of our young men who is
fast coming to the front as a leading
business man, being connected
with the Tri-County Farmers Fire
Insurance Co., and being secretary of
the Pillager Shipping Association.—

"THE ISLAND OF OAHU"

When I enlisted in the Army
 Many years ago,
 The Recruiting Officer said to me,
 "Where would I like to go?"

"Well," I said, "I never seen Hawaii."
 So it made no difference to me,
 And I was sent to this "Beautiful Island"
 Three thousand miles across the Sea.

And like Columbus I landed,
 Lots of strange sights I did see;
 On this sunny Isle of Oahu,
 Like heaven I seem to me

As the Palm trees were swaying,
 With the flowers in their bloom,
 And the Hawaiian smiles and sunshine,
 They drive away the gloom.

The smiling Hula dancers,
 With steel guitars and ukuleles,
 Too,
 Just make me want to live forever
 On this beautiful Isle of Oahu.

When your thoughts are of travel,
 And you are feeling kind of blue,
 Just pack your grip and take a trip,
 To this Wonderful Isle of Oahu.

SERGEANT TYLER,
 Recruiting Officer,
 Brainerd, Minn.

BASEBALL BUNTS

Staples won from Clarissa 10 to 1. Clarissa was due for a shutout, but in the last inning a ball was driven in to high grass and the runner came home while Staples was raking the ill grass for the ball.

Wadena and Staples play this Sunday at Staples. A large crowd is expected.

Crosby defeated Park Rapids 9 to 6. Wadena defeated Park Rapids 5 to 4. The game with Crosby was of eleven innings and proved a surprise to Crosby.

The Southeast Brainerd baseball club defeated the Southeast Junior 4 to 3. Batteries for Southeast Brainerd were Soderlund and Englund, for the Juniors Hendrickson and Ohm.

FIRST HUNDRED YEARS THE HARDEST

No homecoming and no fishing trip in years has attracted as much attention as that of Kay-be-nah-quay-wence, or "Old John Smith", Chippewa Indian chieftain, aged 130, who left the Cass Lake region for the Rainy River country where some 115 years ago he fished for saurion.

"Old John" figured he would not be able to do much work while the timberworkers were out on strike and so he hid away to Rainy River to fish on Decoration Day. He was accompanied by his son, John Smith and family.

When "Old John" baited his hook and lost his bait at the first cast, he was heard to murmur: "No luck this time, the first hundred years are the hardest."

OUR REGULAR SOB STORY

Carl Zappffe has called the attention of the Dispatch to the fact that "Oddest Stories" were all right, but a sob story should be handed out regularly.

We hate like sin to write any stuff that will start the tears, as this life is made up of a lot of hard luck any way, ranging from sugar at \$28 a sack to ladies suits at \$75 and up.

Speaking about two glorious deaths, they may be accorded to the fan who died of heart disease when he saw the home town batter hit out a home run and the other being that of a faithful fisherman who died while landing a big pike.

Constantinople.

Within its girdling walls Constantinople rises, like Rome on its seven low hills, crowned by the splendors of mosques, whose gleaming cupolas and minarets, silhouetted against the blue sky, look down on the waters of the Bosphorus. A strange, incongruous huddle of palatial buildings and tumble-down hovels, of stately avenues, and fifth-floored lanes, flanked by magnificent banyans, through which the human tide streams and surges.

Private Park.

If the rear yard is properly planted with a border of flowering shrubs and perennial flowers, has a velvety green lawn and a few shade or fruit trees, it will give the family a quiet, peaceful little private park, in which all can enjoy the moonlight during the hot summer evenings without making a long, tiresome trip to the parks. This is the height of pleasure afforded by a well-planted home yard.

Band Concert

BY

Brainerd Municipal Band

When? ? ? Where?

Now, you are brim full of enthusiasm, eager to hear and enjoy your band, which has been faithful to you for years, the band concerts which have been a source of pleasure to you; regular open air, free, honest-to-goodness band concerts, for the rich and poor alike, for you and your family and relatives, for the people of neighboring towns, visitors, and everybody else.

BUT—

Wouldn't you like to see your band togged out in new uniforms, hear well known soloists, and help strengthen the band, so that this season can be the best in the history of Brainerd?

YES,

Certainly it takes money and we, the bandsmen (taxpayers the same as yourselves) put in our spare time during the winter preparing for your pleasure in the summer. We want to engage prominent soloists, equip our band with new uniforms, engage a few outside men to strengthen the band, and give you the best we possibly can.

WE ARE NOT

asking for \$12,000 like Hibbing gets, or \$8,000 like Rochester gets to maintain a band. But we do want \$2,000 more for the band, and can get the same results.

LOOSEN UP, NEIGHBORS,

A good band is an asset to any city or town, and to visitors and transients, it shows prosperity and that the town is "live."

GRUENHAGEN CO. GRAND OPENING

Up to Noon 1026 Heads of Families.
Mostly Farmers from Vicinity.
Had Registered

GREAT DISPLAY OF GOODS

Farm Machinery Exposition on Lots
Near 8th and Front. Colored
Orchestra Playing

The grand opening of the enlarged and remodeled Gruenhagen Co. store occurred Saturday and attracted wide attention, bringing to the city scores of farmers. Up to noon the registration for free prizes to be awarded had reached 1,026 heads of families, being largely farmers from territory tributary to Brainerd.

Visitors inspected the store and its various departments and were highly pleased. A colored orchestra and quartet arrived on the afternoon train from the city and played and sang.

At the Gruenhagen Co. lots corner Eighth and Front a large display of farm machinery interested the farmers. There were all kinds of wagons, ensilage cutters, plows, etc., on display, gasoline driven washing machine, pneumatic water pressure tank etc. giving the scene the appearance of a section of the state fair.

Among the wholesale men in attendance were H. F. Meeker of the National Furniture & Store Co., St. Paul. Mr. Meeker was accompanied by his wife. He will stay over for a fishing trip Sunday. President C. S. Howard and wife and son will motor up this afternoon from St. Paul. G. R. Williamson of St. Paul, representing the Patek Brothers paint company of Milwaukee, Wis. was also at the opening.

The Bouquet-Bronson Co. of St. Paul is coming in an automobile party of eleven and will go fishing Sunday and Monday. M. G. Bingham of the Massey-Harvester Co., Reno, Berquist, C. J. Byrnes and J. W. Loyles of the Rock Island Plow Co., R. E. Patton and J. W. Quinn of the Unadilla Silo Co., R. Koehne of the Papee silo filler, Nick Staub, Tom Kleven and Mr. Owens of the Minnesota prison harvesters and twine, etc. were also in attendance.

F. H. Gruenhagen related to the farmers how he was offered 3,999 for his four months Holstein bull calf now at the Echo stock farm. The animal was recently received from the N. P. Hanson farm of Detroit. The size of the dam of the calf is a \$65,000 Holstein bull, sold at the national sale at the Schroeder farm.

In number of visitors attracted from town and countryside and from the wholesalers, the Gruenhagen grand opening is recording one of the largest attendances of any opening ever held in the city.

SOUTH ST. PAUL IN TWO GAMES HERE

Frank Larson's Team is One Which
Finished Second Best in the In-
terstate League Last Year

IS A PEPPY, SNAPPY BALL TEAM

Sunday and Monday Games, Both at
3 P. M. Scheduled for Koering
Grounds Here

South St. Paul will play Brainerd at the Koering grounds on Sunday and Monday, 3 p. m. being the official time of the games.

The South St. Paul baseball team is captained by Frank Larson, who in days past was well known to Brainerd fans, holding down the second base bag. The South St. Paul team finished second best last year in the Interstate League of which Stillwater was the pennant winner, and it was a close race too, which shows the caliber of the nine which Brainerd plays two days here.

On the South St. Paul's are Teckler who played with Stillwater when Brainerd clashed with the Prison City last year; Kline, a speedy player; and other stars. It will be fast baseball at Brainerd this Sunday and Monday and conditions are shaping themselves assuring large crowds at both games.

The roads are good and many fans will be in Brainerd from Little Falls, Ellinger, Motley, Staples, Pequot and other points.

For Monday Brainerd will have Memorial services bringing many many service men in town. Many Brainerd people will remain in town all day because of the high school commencement exercises in the evening.

NEW BASEBALL RULES

Baseball fans, in order to be up to date, should know the baseball rules as they have been amended. The following important changes now in effect are:

Break pitching deliveries forbidden, except the spitball, which will be barred next fall.

Catchers forbidden to step from behind the batsman to aid intentional pass.

Umpire to decide whether a game is to be postponed.

Gift stolen bases not to be recorded in the official box scores.

No sales of players in the American league after July 1, and in the National league after August 1, except on waivers.

All home runs to be recorded as such, to wit: With two out in the last half of the ninth inning and the score tied, batsman to be credited with number of bases runner advances on his hit.

A ball that hits the bat while the batsman is trying to avoid it, is dead.

Catcher charged with error if he drops third strike and batsman reaches first base.

Players to be credited with batting and fielding records made in game thrown out on protest.

10TH ANNIVERSARY OF CHURCH SUNDAY

To be Observed With Appropriate
Ceremonies by Bethlehem Evan-
gelical Church

ON CORNER OF MAIN AND BLUFF

Rev. John Herrman of Fairmont and
Rev. T. J. Herrman of Little
Falls to be Speakers

The Bethlehem Evangelical church, corner Main and Bluff, will celebrate its tenth anniversary next Sunday, May 30. Special services have been prepared for the day.

The German services will be held in the morning at 10:30 o'clock, at which time Rev. John Herrman of Fairmont, will fill the pulpit. At 2:30 o'clock in the afternoon there will be English services conducted by Rev. T. J. Herrman of Little Falls. A large number from the Little Falls congregation will be present and will help make the celebration a big success.

Special music has been prepared for both services and a large attendance is expected. A special offering will be taken during the day for the purpose of assisting in defraying a church debt. A cordial invitation is extended to all friends of the church to attend these services.

Rev. J. H. Bunge is pastor of the Brainerd church.

MEMORIAL DAY FINAL NOTES

On Sunday afternoon the G. A. R. members will go to the cemetery and place little marking flags on all soldier graves. STILL MAKE BOWS

Old Weapon of War and Chase
Not Yet Obsolete.

Quantity of Yew Wood, to Be Used
for That Purpose, Recently Sold
by the Government For-
est Service.

It is a far cry from long range rifles and high-powered explosives to the bow and arrow of the American Indian. Nevertheless, bows and arrows are still used by the small boy, albeit not without sorrow to the neighbor's chickens. There is also a demand for stronger and more expensive bows for archers of mature years. Doubtless these facts account for a recent sale, on the Snoqualmie national forest in Washington, of a quantity of yew, to be used in making bows. Although the forest service of the United States department of agriculture sells a variety of forest products for unusual uses, this is probably the first case in which the final product is to be one of the oldest and most common weapons known to the world.

The yew has long been known as the best of all bow woods. Famous English archers would have no other. Richard III. ordered bowyers to make four bows of yew, hazel, ash, or elm to every one of yew, in order that the supply of this valued wood might be preserved. This is said to be one of the earliest forest regulations in England. The staves from which bows were made in those early days were seasoned for three years before being made into bows and the bows were not

used for two years after being completed.

The American yew is botanically very similar to the European yew. One of the three species found in the United States grows only in Florida and is a small tree. Another is a shrub growing in the north Atlantic region, while the third occurs in the forests of the Pacific coast. It is the latter that grows in the Snoqualmie national forest. When mature it usually is from 20 to 30 feet high and from 6 to 12 inches in diameter.

On account of its elasticity and strength the Indians of the Northwest utilized the wood of the yew for their bows and often for canoe paddles. Yew wood is also well adapted to carving and numerous attractive articles can be made from it. Not only does the grain of the wood make it possible to carve attractive designs, but the combination of red bark, white sapwood, and rose-red heartwood make especially pleasing effects possible.

Night Doctors.

"Paris has organized a service of night doctors," writes a correspondent from the French capital. "It is rather remarkable," continues the correspondent, that we have not had this before. "You fall ill in the night, or your relation falls ill. You immediately telephone to the family doctor. Possibly he is out attending a case. Who, then, to summon? You don't know. Someone thinks there is a dog for two streets away, and away you dash. Yes, he is in, and he will come. He comes. He is a tired man. His eyes are heavy with sleep. Aside, he tells you he has had little rest for a week. If your own medical adviser had come it would have been the same. What a travesty of system to work men night and day! Manifestly there

ought to be a panel of doctors—fresh, vigorous, and ready for a busy night's work—who have not been at work during the day. In Paris, the night doctor will be installed at the police station and he will be ready, of course, to go wherever he is called."

Missouri Weather.

The frequent rains recently have made us appreciate what an old lady from Arkansas said about us once after a visit up here. When she made up her mind to go home she remarked: "Well, yer see, honey, it's this here-away: In Missouri when it starts to rain it never quits, and when it clouds up the sun never shines, and when it does get clear you never see a cloud again, and when it gets hot it never turns cool, and when it once gets cold it never warms up no more."

LOOK TO FUTURE OF FOREST

Experts Point Out Folly of Practices Which Prevent the Reproduction of the Trees.

(Prepared by the United States Department of Agriculture.)

That young growth in the woods, known popularly as "brush," is something to be rid of, is a prevalent but mistaken conception since a forest cannot maintain itself long without reproduction. For the sake of getting a scattering of green grass in the spring it is the short-sighted practice in hundreds of localities to fire the woods regularly. This results in killing thousands of small trees needed to continue the forest in the future, and also injures a large amount of marketable timber. Furthermore, such burning destroys a large amount of rich vegetable fertilizer.

Cattle and hogs in hardwood stands, and hogs in long-leaf pines, keep the forest from being restocked. Damage from insects can be reduced by cutting timber at the proper time of year and by utilizing lightning-killed trees without delay, since they harbor destructive pests. Cattle destroy the productive leaf mulch which keep the trees growing during long, dry spells. All large openings where light comes through into the forest should be filled with younger trees.

IT PAYS TO ADVERTISE—TRY IT

From Eastern Hills and Western Plains
The silent host again entrains,
To cheer you valiants now who tread,
In living memory of the dead.

United shall they march today,
Once foeman in the blue and gray.

Fair Dixie rallies to the call,
For he shall not forgotten fall
Who dies that such a faith might live,
Which bids the soldier all to give.

Who, in the khaki of their son
Have found their causes are as one.
